

# Travel Kennels

Plastic or wooden containers are acceptable but, most importantly, - **all pet travel containers must conform to IATA\* (International Air Transport Association)**

We can supply IATA compliant plastic and wooden travel boxes to meet your specific requirements.

## DOGS

If your dog is a breed with erect ears - you must measure to the top of the ear.

## CATS

... can travel in standard size plastic boxes. Two cats can travel in our specially designed wooden boxes

## Testimonials

The following are a few example of genuine unsolicited testimonials received by PetsAway. Originals on file.

Dear David

We are pleased to confirm that Lego & Cleo arrived safely in Canada. Thank you for all your help & advice. We would certainly recommend you to anyone else thinking of taking their pets abroad.

Louise & Mark . Toronto.

Good Morning

I just thought I would spend a little time sending a thank you for your efforts yesterday in successfully allowing my father & his dog to emigrate to Canada. Despite his travel arrangements being heavily disrupted due to the volcanic ash cloud, your quick response and help, devising a second option for my father was fantastic. Both my father & Ben arrived safely in Canada very early this morning, both are well & appreciate your time & effort.

Paul Caples. Canada

Dear David

A big thank you for all your work yesterday to get Herman the tortoise on the flight to Canada. He arrived safely thank you very much, you provided an excellent service.

Colin Reeves Canada

Hi Dave

Would just like to thank you for getting my pets back to the UK for me. Wayne the driver was brilliant as well.

Sheila Mattison INBOUND Canada-UK

Dear Dave

Thank you for all your hard work to get me & the girls home for Christmas. We couldn't have done it without you.

Best Wishes ..Gill, Belle, Fifie & Lily Lou
